INTERNATIONAL COLLEGE

About Us

Canvas education empowers you with the knowledge and insight you need to succeed no matter what your goals are. Canvas college, with its decade long glorious history, has been a great choice for brilliant and ambitious students to pursue their academic aspiration. This has been possible because of the sincere and untiring efforts of a team of highly competent, committed and experienced academicians and professionals with sound track record. Our college graduates are expected to contribute to the scientific advancement and the formation of a society in which they live a successful life with the highest possible dignity. We are committed to promoting a learning environment where individuals explore themselves availing of optimal opportunity and learn to be responsible managers, leaders, entrepreneurs, scientists and social workers. Currently, we have schools of three disciplines; Business and Management, Social Science and Science and Technology.

Mission

- To develop it into one of the premier academic institutions which can prepare a global citizen with the skills and attitudes required to accept the challenges of 21st century.
- To develop new trends in higher education.

Our commitment

Dear parents and students

On behalf of the college we, first of all, would like to thank you for considering Canvas College for further study. We are confident that your choice of Canvas will be worthwhile as it will fulfill your goal in every way. This confidence has arisen because of the involvement of highly competent and committed faculty members. Truly speaking, Canvas brings together scholarly luminaries whose professional experience and skills are unparalleled and unchallenged so far.

Dear students and parents, we have not just envisioned college among many but a top -quality academic institution that can cater to the needs of college freshmen as well as graduate and post graduate level students. Our competency coupled with our vision will definitely help produce globally competitive citizens who can cope with the challenges posed by modernization and the radical revolution in information technology. We are guided by these values: we take action; we keep promise; we believe in team efforts; we act trustworthily.

With these values in mind, a team of professional founders with their proven leadership skills and professionalism in the field of education have taken great strides in making a glorious history in the academic arena. It is better done than said when it comes to top - quality education in an affordable fee. We would like to assure you that we put our entire effort sincerely to ensure that we offer a need - based education to instill moral values in our students.

We cordially invite valued parents, prospective students and well wishers to our college.

Looking forward to your support and consideration.

Welcoming you,

Board of Directors.

Why to choose Canvas?

- Qualified, experienced and motivated faculty.
- Innovative method of teaching and training students.
- Reasonable and affordable fee structure.
- Various categories of scholarships for deserving and needy students.
- Much personal attention to students.
- Well – equipped modern science and computer labs with unlimited internet facility.
- Regular assessment and evaluation of students; remedial classes for weak students.
- Spacious library with a large collection of study material.
- Sports and other co-curricular activities round the year.
- Frequent workshops and training sessions.
- Guest lectures.
- Facilities for industrial visits to provide practical learning and expertise.
- Friendly, diverse and smart student groups.

Our TU Programs

B.Sc.

Bachelor in Science (a 4 year program)

B.Sc. is a four year program equipping graduates with the necessary credentials for pursuing research and development in the field of applied science. The curricula, designed by TU, foster strong theoretical and practical knowledge in fundamental or natural science including Physics, Chemistry, Zoology, and Botany. Keeping its invaluable scope in mind, Canvas College is introducing a Bachelor Program in natural science to produce versatile manpower to build the nation. In addition to the mutual exchange and sharing of ideas between teachers and students, teaching methods such as power point presentation, group work and project work are applied effectively.

While the program consists of number of compulsory courses, students have the option to specialize in specific areas of study.

B.Sc. is a four year program equipping graduates with the necessary credentials for pursuing research and development in the field of applied science.

Our TU Programs

BA (BSW)

Unlike the other area of study, Humanities (BA) is multidisciplinary and open-ended program.

Bachelor in Arts /3 year Program:

This program covers Literature, Language, Social work, History, Philosophy, and other subjects in humanities. It encompasses a broad area of the study at par with study areas offered by other universities across the globe. Unlike the other area of studies, Humanities (BA) is multidisciplinary and open ended program.

Eligibility

10+2 , PCL or equivalent with minimum second division.

BBS

Bachelor of Business Studies (a 4 year Program)

BBS is a multi – disciplinary, broad –based and result – oriented program which develops students using a curriculum designed by TU. It provides strong theoretical understanding while developing usable skills within a broad spectrum of business problems. While the program consists of a number of compulsory courses, students have the option to specialize in specific areas of study. The teaching activities comprise lectures, group work, field trips and projects. All of these encourage the exchange of ideas and mutual learning.

Candidates seeking admission at canvas College are required to pass their bachelor's degree or equivalent securing at least second division

Areas of specialization:

- General management
- Marketing management
- Finance
- Accountancy
- Management Science

Entrance Test:

Candidates must pass CMAT taken by Tribhuvan University , Management Faculty to join MBS

Examinations

The final exams for XI and XII are conducted by NEB, Nepal and final examination for BBS, BA (BSW) and MBS are conducted by the office of the controller of examinations, TU following their own schedule. But the College conducts internal assessment of students through various approaches in order to prepare students at the final exams.

Field and practical Work

The students will do field work, spending two weeks studying and learning at a relevant organization during the time fixed by the department or college. After the field work, the students will write a field report in the format prescribed by the department and submit it to the evaluation department.

Canvas Sports Club and Recreational Activities

The role of sports and other extra-curricular activities in all round development of a student is well understood here. So sports and recreational activities are as much a part of Canvas College. It has a playground for various sports activities like Basketball, Badminton, and Table Tennis. We pay special attention to providing students with the best opportunity to organize and participate in inter and intra college tournaments on various occasions. The Sports Club, which was formed by students themselves organizes and conducts such sports activities.

Guidance and Counseling

Canvas has been able to set up a guidance and counseling section. Professional counselors help students who have difficulties of different sorts.

Proper career guidance and academic counseling are regular services provided to Canvas students when they find academic matters difficult. A psycho social counselor helps students who have social or emotional problems.

Classroom and Library

Classrooms in Canvas College are well furnished and well ventilated with comfy seating arrangements. As a result, spending hours inside the class-room is comfortable and relaxing.

Canvas college has a spacious library that has a large collection of the latest articles such as Course and Reference books, Journals, Magazines and CD-ROOMs on various subjects. Students have an access to photocopy facilities inside the college premises.

Quality Circle

Students in Canvas College form a quality circle that organizes different activities in the college with the co-operation of the college management.

Canvas Alumni Association

Ex-students of Canvas College have established an Alumni Association with the objectives like charity, environmental preservation and awareness, sharing of idea, extending and the exchanging of co-operation among Canvas family and the society. The college management extends necessary support morally and financially to help Alumni Association make its initiatives a grand success.

Internal Evaluation System

Its evaluation system is based on scientific values that assess the students' talent explore their hidden potentials and prepare them to have command over the subject matter as prescribed by NEB and T.U. The college uses an internal evaluation system involving class presentation, group work, project work and written tests etc.

The college conducts cycle test, three terminal tests a year and monthly tests held by the respective subject teachers. Every student must have to attend and pass all tests conducted by the college to be eligible to appear at the Board Exam.

Project Work & Industrial Visit

Canvas College provides unparalleled opportunities to its students to participate in workshops, meeting and seminars. The students of Managements are provided exposure visits to different industries and corporations to acquaint them with management practices as required by the curriculum.

Teaching Learning Methodology

Canvas teaching facilities are provided with modern and scientific method of teaching. Practical learning situations are created to help student learn lessons effectively.

Students engage themselves in group discussion, workshops, seminars, power point presentation, case studies, internship and lab work in addition to attending regular class lecture and presenting term papers.

Computer and Internet Facility

The students of Canvas are benefit from modern computer Lab. They get good chance to develop competence in computer operations. In order to support and optimize use of electronic resources the entire campus has wireless network coverage which enables laptops to connect to the school's network and the Internet.

Cafeteria

The college has a separate cafeteria operated just for Canvas family. It serves a wide variety of hygienic food items at reasonable prices.

Transportation.

The college provides transportation facilities at the reasonable rate to the students staying of every nook and corner of the valley.
