VISION

Prime Global School is recognized for academic excellence, for outstanding institution of international standard and as a great place to work.

MISSION

Prime Global School is a multicultural community in the Kathmandu Valley, nurturing learners who will become successful leaders in their chosen areas. The school encourages, in each student, a desire for learning, develops confidence and competence in order to pursue their dreams, and the commitment to serve as a compassionate global citizen.

VALUES

Excellence	...	In everything we do
Respect	...	For all
Honesty	...	In all aspects of life
Service	...	To the students, community and the nation
Teamwork	...	Always
Creativity	...	In every endeavor

To deliver the best and the most trusted early childhood education and schooling for families across Nepal.

ABOUT

Prime Global School is a large educational network consisting of pre-school, basic primary school and secondary school. It is an autonomous private organization powered by Prime College dedicated to excel in the academic arena adopting the modern system of education.

The school aims to prepare responsible men and women with qualities of leadership, honesty, wisdom and integrity. They will be a part of an extraordinary network of competent people to make a difference in the fast changing world of today.

The main objective of Prime Global School is to provide opportunities to all children, parents and teachers to come together and make collective efforts to put forward a platform where the delivery of quality education is possible.

Quality, to us, is more than just complying with set standards: it is about attaining the three satisfactions where the trio includes parents, children and teachers.

We aim at improving the quality of education through child centered learning, where importance is given to the all round development of each and every child.

We do not believe in forcing education upon children but to make them want to learn making them partners in the learning experiences.

Keeping our motto in mind: "LEARNER TODAY, GLOBAL LEADER TOMORROW", we give your ward(s) the very best, each and every day...

Staff Training

Almost all of the working staff at Prime Global School have undergone a basic training in Universal Precaution and Child Care Safety.

MESSAGE FROM THE PATRON

It gives me immense pleasure while introducing Prime Global School as Nepal's premiere school nurturing individual talents with individual care. We are committed to making productive educational contributions towards enhancing the status of our nation.

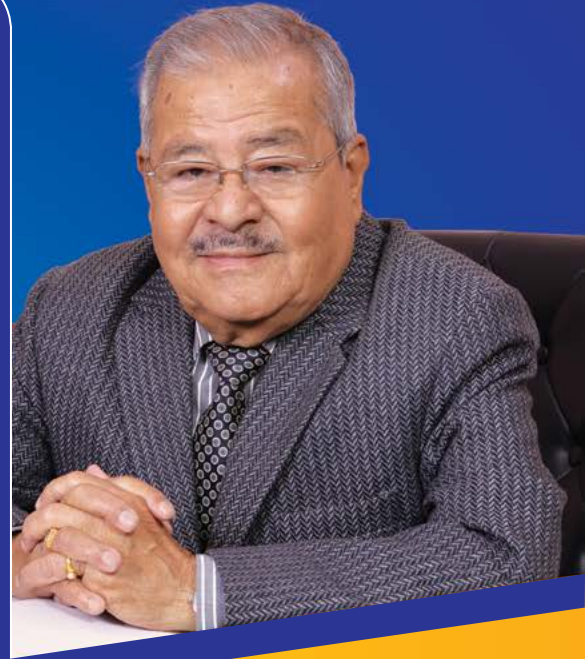

Prime Global School promises to focus on getting to the heart of every academic discipline. In addition, we entrust our students with sense of responsibility from their first day at school, an act of trust aimed at developing the whole person and creating a lasting bond between individuals and the institution.

The ultimate purpose of our education is to help our students become good human beings and responsible citizens. The acceptance of responsibilities and obligations of a good citizenship will enable students to participate successfully in the world of tomorrow and become a global leaders.

I wish you all a happy and peaceful new year 2074 B.S.

PROF.DR. SUNDAR SHYAM BHAKTA MATHEMA

MESSAGE FROM THE CHAIRPERSON

I would like to take this opportunity to welcome all students to Prime Global School. The staff (teaching and non-teaching) of the school are eager to begin yet another enriching educational journey.

Our goal is to provide our students with educational possibility by ensuring sound instructions through research based learning strategies. The staff are undoubtedly concerned with academic and overall growth of our students; we are also committed to creating an

environment that fosters self respect and respect for others.

The core elements that Prime Global School boasts about is the competent faculty members and learning support, outstanding facilities and a lively range of co-curricular activities.

I look forward to welcoming you in being an intricate part of PRIME family.

KIRAN KUMAR SHRESTHA
Executive Chairperson

ACADEMIA

- ICT
- Music
- Art
- Third Language (Chinese)
- Physical Education (P.E.)
- Design & Technology (D.T.)
- Accounts
- Health
- Moral Education
- Environmental Studies
- Businesses

OUR CURRICULUM

For the all-round development of students, the school has an internal curriculum which helps to enable the students to become confident and competent. Our integrated program is designed with the whole-child in mind and taps into the academic, emotional, physical and social development of each learner.

We at Prime Global School encourage learning for communicating, problem solving and exploration of ideas. We realize that understanding and enquiry have come to be valued over memorization than recall of facts.

Thus, our curriculum emphasizes the natural order of development in the child. We go beyond the subjects to understanding where our children come from, how the curriculum works in harmony with the child's real interest, needs and learning pattern. Our curriculum can make the changes with the aim of raising new generation equipped to deal with the challenges of the global world. We are aware that in updating the curriculum regularly children are exposed to the recent methods of teaching. Therefore our curriculum is revised from time to time with regards to the changes taking place in education around the globe.

LANGUAGE ARTS

The English Language Curriculum seeks to help children to:

- Clarify their own ideas and express feelings in English
- Share their ideas and thoughts with others, orally as well as in writing
- Use literary skills to derive information
- Develop a love for Literature

SUBJECTS

SCIENCE

- We emphasize the importance of allowing children to express & develop curiosity about their surroundings.
- Students are encouraged to build their own theories based on evidence & experiments done in school
- This enables them to come up with their own explanation as of how & why something happens.

MATHEMATICS

Making mathematics student-friendly is a challenge faced by many teachers. Our curriculum focuses on helping children build concept by involving them in mathematical activities. Children understand the concept of Math as they work with models and objects.

SOCIAL STUDIES

- Our social studies curriculum aims to help children see themselves as members of a society in which people have rights & responsibilities.
- We believe in inculcating civics education which needs to be larger than Nepal's civics

syllabus which basically requires students to learn facts about their country.

- We are careful to identify the curriculum & include civil behavior & values by introducing ways in which this is done.
- Field trips & opportunity to find information on their own are some of the ways to ensure that children understand by experience.

INFORMATION COMMUNICATION & TECHNOLOGY (ICT)

ICT is a compulsory subject in the school, and our computer labs offer a lot of scope for all children to acquire hands-on training. Computer education begins at an early age. In the lower classes, computers are used as a means to learn other subjects. The school's computer lab is well-equipped with the latest hardware and software in an elaborate network system. In addition, the school also has a wide collection of interesting and educational medias on a variety of subjects. As our associate organization Prime College is Nepal's first ICT enabled college, our school students will also benefit from our orientation towards ICT.

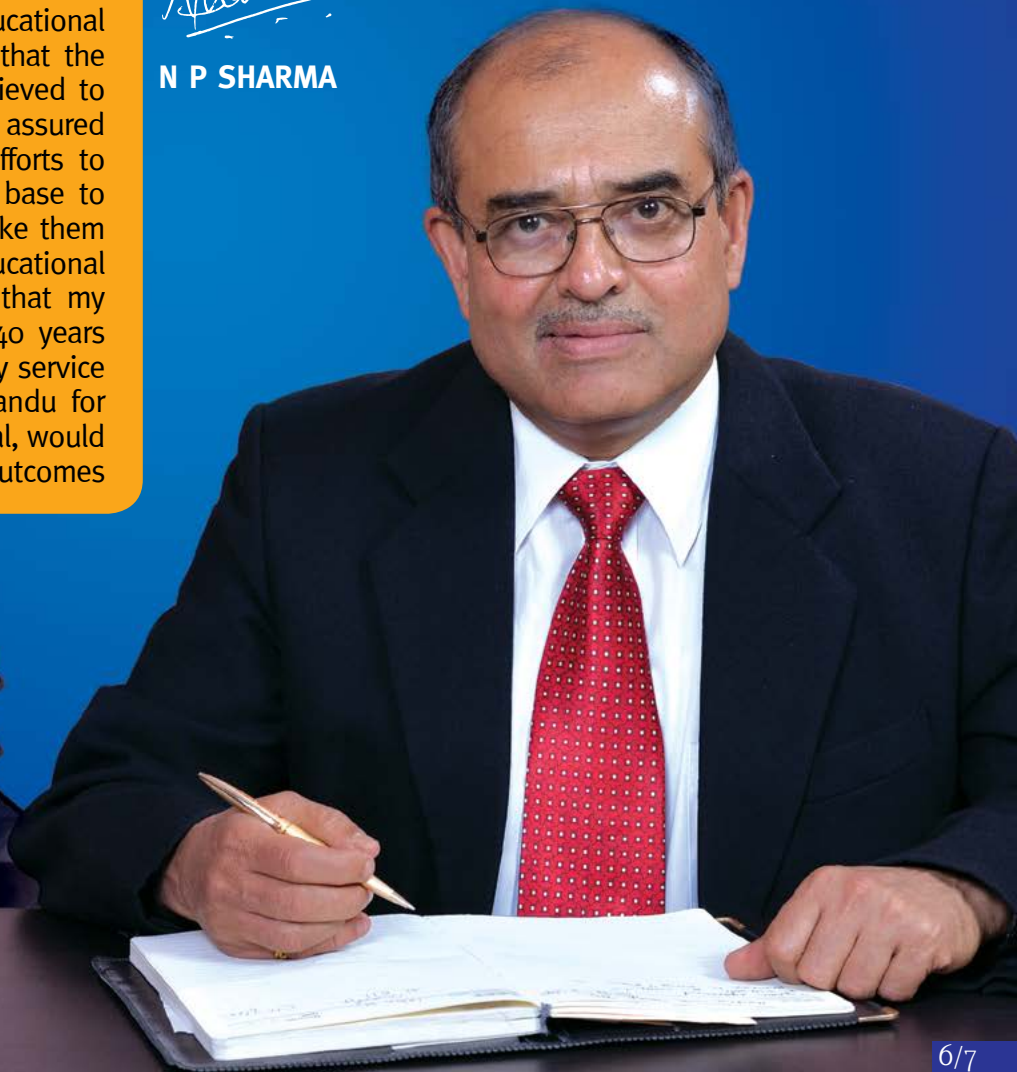

FROM THE PRINCIPAL'S DESK

Respected Parents/Guardians and Friends,
I feel happy to inform everyone concerned that I am now formally associated with Prime Global School, Khusibun, Kathmandu in the capacity of Principal. In this context, I would like to appeal that, with all of your suggestions and active involvement, the school management would be made more effective gearing it up to create proper academic environment for our children adopting the sound educational processes and methodologies so that the stated motto of the school is achieved to everyone's satisfaction. Please be assured that we will be making sincere efforts to prepare our students with a firm base to realize their full potentials and make them exemplary in the competitive educational world of the 21st Century. I feel that my educational experience of about 40 years at school level especially during my service at Budhanilkantha School, Kathmandu for about 30 years, 17 years as Principal, would help us to attain the intended outcomes

from Prime Global School. I, therefore, would like to request you all together with the prospective parents/guardians to respond positively to my appeal and extend your support possible for the development of the school in modern global trend in school education.

N P SHARMA

CHARACTER EDUCATION

- A very important component of our school curriculum.
- Understanding concepts like friendship, generosity and honesty is at the heart of culture at Prime Global School.

SPORTS, ARTS AND

MUSIC AS PART OF CURRICULUM

- Dance and Music lessons are imparted to different age groups
- Exposed to various art forms from sewing to carpentry
- Instructional programs in basketball, soccer and swimming, cricket, tennis, badminton and volleyball.

LEARNING ENVIRONMENT

Environment-friendly classrooms, laboratories, activity rooms and so on, are designed for greater efficiency, and to protect children of tender ages from air and noise pollution. It also provides our

pupils an outstanding learning environment. An optimum teacher-student ratio and limited class size ensures individual attention to the pupils. Our pupils are encouraged and guided to develop their analytical and problem-solving skills. Special tutorial/remedial teaching or both is arranged according to the need of each child.

STUDENTS' PARTICIPATION

The morning assemblies are conducted giving each student an opportunity to participate. This develops their oratory skills and confidence. The cultural show put up for the Annual Day as well as the Sports Day have all students' participation. The Annual Art Exhibition, Science Week, Computer Week and Holiday home work display give every student a platform to exhibit his or her work.

MUSIC ARTS & THEATRE

Music, arts and theatre are the means of students creative self expression. Students also learn Folk and Western Dance from experts. There are opportunities to perform in stage shows and music competitions throughout the academic year.

Class lessons give everyone the chance to make music together. Individual instrumental lessons occur on a regular basis. Specialties include guitar, drums, violin, keyboard, etc.

CO-CURRICULAR ACTIVITIES (CCA)

We incorporate CCA in our educational program and make it a natural part of our teaching strategies.

- Art
- Music & Dance

- Theatre
- Third Language (Chinese)
- Physical Education
- Computer
- Field Trips
- Hiking & so on

COMMUNITY SERVICES

The staff and students of the school get involved in different community services as far as practicable.

TUTORIAL GROUP

To provide adequate pastoral care to the students, the school adopts Tutorial System. This grouping gives students a feeling of belonging and sharing. Healthy competition and team spirit among the Groups is developed in Inter-Group games, sports, debates, dramatics, music, quizzes and other co-curricular activities.

BASKETBALL, BADMINTON, TABLE TENNIS AND MORE

We have a NBA standard basketball court, a dedicated TT room, an Indoor Play room and an outdoor play area for the juniors.

TRANSPORTATION

Bus service to pick up and drop off students at specific points as required on nominal charge.

STRUCTURE & PROGRAMS

Prime Global School has three distinct sub-schools:

Preschool (PG - UKG)

Basic Primary (1 - 8)

Secondary Group (9 - 12)

LIBRARY & INTERNET

The School has computerized library which is well-stocked with a wide collection of books, CDs and DVDs on a variety of subjects. Each Student-computer Station has access to the internet. Each child is encouraged to use the Internet for reference work to prepare their projects. Surveillance stations keep monitoring the students' stations to ensure that undesirable sites are not explored.
