University of the West of England (UWE Bristol)

As one of the most popular British universities, UWE Bristol has over 27000 students and 3000 staff. The university attracts students from over the UK along with a significant and growing number of international students from over 140 countries worldwide.

UWE Bristol offers over 600 courses at undergraduate, postgraduate and short course levels. 96% of UWE Bristol graduates are in work or further studies six months after graduating.

The British College offers the BBA (Hons) in Business and Management and MSc International Business Management (MIBM) which are degrees awarded by the University of the West of England (UWE Bristol).

Leeds Beckett University (LBU)

Leeds Beckett University began with the founding of Leeds Mechanics Institute in 1824. With a 190 year history of education, more than 28000 students from 144 countries and territories study a Leeds Beckett University qualification in the UK and overseas. As the only university to hold both the Customer Service Excellence Award and Investors in People Gold Standard, LBU contributes an estimated £477 million to the economy every year.

The British College offers BSc (Hons) Computing, MBA (Executive), MBA (Graduate) and MSc Information & Technology which is awarded by Leeds Beckett University (LBU).

Welcome to The British College

The British College provides a world-class education in Nepal for students who aspire to gain internationally recognised qualifications from UK Universities. In this regard we have a distinctive identity as the pioneering International College in Nepal. We offer internationally recognised degrees and courses which are relevant to the current job market, enhancing each and every student's employability.

We attract the best and the brightest students and, consequently, TBC offers an unforgettable academic experience transcending international boundaries with thought-provoking incision. Being the pioneering International College in Nepal, we also provide our students with unparalleled international exposure and experiences.

The defining characteristic of The British College is the local-to-global approach in the provision of our degrees and courses. Student exchange programmes and internships with multi-national companies serve as highlights of this unique student experience. Staffed by tutors and administrative personnel from the UK and Nepal, the College provides the best international education in Nepal.

The British College offers Undergraduate Programmes and Postgraduate Programmes which are awarded by UK universities: University of the West of England (UWE) and Leeds Beckett University (LBU).

Why Study at The British College

- Get value for money with a quality UK degree at a local cost. Gain the same prestigious UK degree at one fifth of the price.
- Our overall quality (student experience, academic standards, and programme delivery) is underpinned by adherence to the UK Quality Assurance Agency's Quality Code.
- Students will earn a direct university degree rather than a degree awarded through a third party.
- To ensure that students get the education they deserve we have staff with international academic qualifications from the UK, USA, Australia and India. We are dedicated in providing students with the complete international learning experience.
- Linked with various academic institutions, TBC students have access to regular guest lecturers and speakers from the UK and other countries as well as from reputed corporate houses and public institutions in Nepal.
- Scholarships are provided for deserving students.

“Education is the passport to the future, for tomorrow belongs to those who prepare for it today.”

Programme Information

BBA (Hons) Business & Management

The BBA programme at TBC provides a critical understanding of organisations, their management and the external environment in which they operate. The course aims to help students develop an understanding of broad range of locally and globally inter-related Business and Management skills through various workshops, seminars, lectures, internships, and voluntary work.

BSc (Hons) Computing

The core objective of the BSc (Hons) Computing programme is to present students with practical experience and theoretical comprehension of the key aspects of computing from the forefront of the discipline. Run in partnership with Leeds Beckett University, students opting for this programme can look forward to courses in computer programming, database development, networking, website development, system modeling, and computer security.
