Introduction

Modern is established in 2050 B.S. (1993 A .D.) with the motto "Education for Peace and Prosperity". It is a contemporary, activist, careful learning center where students are prepared to meet the challenges and opportunities of the 21st century and flourish as competent and disciplined global citizens. It is well known for its individual-centered learning approach.

In the last thirty two years, Modern has acquired unprecedented success at all levels of education and has become a synonym for an excellent education hub. It has bagged various prestigious National and International awards for its transformative educational practices and remarkable exam results.

Since its establishment, it has been incessantly contributing to the nation by producing academically sound, highly disciplined, socially and morally conscious, and accountable graduates . It has proved itself as the leading institution in providing world-class education through its excellent results in various national-level academic examinations and in extra-academic competitions. The toppers in various reputed organizations and the proficient, competent, disciplined, and well-mannered graduates who are competing in the global market in rank one validate the quality of education in the institution. With the same guts, it is marching ahead with its vision of enhancing the capacity of each individual associated consequently preparing them for a dignified life and enables to contribute to the nation's development .

Modern has taken a ground-breaking step by launching the first +2 Management College in Bhaktapur district in 2065 B.S. and the first time +2 Law in Bhaktapur in association with the Katmandu School of Law in 2074 B.S. with the slogan "building your career, shaping your future", since then, it is imparting the quality in academic and extra-academic services to the students and committed to building students' careers in the field of management and law ensuring the better position in their workplace as well as dedicated to preparing them as a complete package of good and smart citizens.

To prepare well-knowledgeable and skilled manpower in the Management sectors, Modern has been running BBS programmes affiliated with the Tribhuvan University Nepal. With the confidence and expertise earned in education over the two and half decades, it aspires to start the science stream in grade 11 from the coming academic session, and plans to run BBA, BCA, BIM, BBM, BSc, CSIT, BHM and other Bachelor's and Master's Programs in future.

Message from The Chairman

Babu Kaji Kaspal

Modern has been successfully serving the society by producing academically sound, highly disciplined, socially and morally conscious graduates since 2050 BS. As per our well-wishers' suggestion to extend our good services to higher level, we have also been offering Grade 11 and 12 programs in Management and Law, with ample of cocurricular and extracurricular activities in well-equipped multi-storey buildings located in Dadhikot and Srijana Nagar, Bhaktapur. Modern has been operating Universal Modern College (BBS) and plans to offer Grade 11 and 12 programs in Science, Humanities, and other streams, along with additional university-level courses in the near future.

Modern has been established with the vision of providing top class opportunities to the SEE, +2 (SLC), Bachelor's and Master's graduates for pursuing quality education of the highest standards in an environment having modern infrastructure, dedicated faculties and carefully planned academic programmes. Modern does not only focus on just making the students reach their optimum level of academic performance but also in making the students equipped to face all the challenges that lie ahead. Choosing the right institution for higher education is an important decision that will mean a lot for one's future. Modern will definitely be a right choice because our goal is to prepare dynamic young personalities to become valuable citizens who will grow into national and international leadership roles. The academic programmes of Modern are precise and demanding . The faculties have been chosen not only for their excellence in teaching, but also for their interest in working closely with their students . Speaking of our students, they are chosen on the basis of their academic thirst and personal qualities from a large pool of applicants.

I take this opportunity to invite everyone to visit our schools and college; and support us in our educational endeavours.

Modern College was a turning point in my life, offering me golden opportunities to grow both academically and personally. It wasn't just about books — the college helped me discover my hidden talents and overcome self-doubt. The support from my seniors and teachers, especially Shashi Kaspal Ma'am, was truly inspiring. They believed in me even when I struggled to believe in myself. I was honored to be titled Mr. Modern 2015, a moment of pride and motivation. Representing the college at the National Debate Championship and reaching the semi-finals in the English Novice category of Mahakumbha 2016, alongside three fellow Modern students, was another unforgettable milestone. I am Sulav Timsina and I'm proud to say that Modern College helped shape who I am today — confident, capable, and ambitious.

My intermediate-level experience at the Modern College was both transformative and inspiring. During this stage, I was introduced to more specialized subjects such as business studies and economics. I particularly enjoyed collaborating with classmates from diverse backgrounds, which broadened my perspective. The college provided a balance mix of curricular activities and extra curricular activities. The faculty provided continuous support, helping me grow both academically and personally. This experience not only strengthened my foundational knowledge but also sparked a deeper interest in pursuing a CA career.

My journey at Modern College was nothing short of transformative. The two years I spent here laid a strong foundation not just for my academic growth, but also for shaping my confidence, values, and vision for the future. The dedicated faculty members were more than just teachers—they were mentors who constantly encouraged us to explore our potential and think beyond textbooks. The environment at Modern was supportive, vibrant, and filled with opportunities that allowed me to grow intellectually and personally.

As a proud member of the very first batch of Modern College, I feel honored to have witnessed the birth of an institution that has since flourished into a hub of excellence. The formative experiences I had here continue to guide me in my professional journey. Today, in my role as Local Youth Action Division Head in the Food and Agriculture Department under the United Nations, I often reflect on the values, discipline, and leadership Modern instilled in me. I will always carry the lessons, memories, and friendships I built here with deep gratitude. Thank you, Modern, for being such an integral part of my life.

Studying at Modern College was a transformative journey for me. During my time in Grades 11 and 12, I not only received quality education but also the encouragement to pursue my passion for music. The supportive environment, dedicated teachers, and vibrant extracurricular scene helped me build confidence and explore my talent. Modern College nurtured both my academic and artistic growth, laying the foundation for my journey as a singer. I'm deeply grateful to the institution that shaped my personality and dreams. Today, as a singer, I carry the values and inspiration I gained at Modern in every step of my career.

Modern is not only an institute which leads the pillar of the nation to their target but also a sweet home having all those excellent mentors to guide each path of life. Choosing Modern has become the best decision of my life which literally surged my inner abilities which hover not only academic qualities but also some very essential life skills. I will be forever grateful for the efforts of this home towards my character, career, ambitions.

Modern College was the place where I first discovered the power of vision, discipline, and self-belief. As a young student stepping into higher secondary education, I was met with an environment that encouraged critical thinking, innovation, and leadership. The culture at Modern went far beyond conventional learning—it taught me how to challenge norms, speak with purpose, and lead with empathy. Those two years helped me cultivate the mindset I now apply in both entrepreneurship and academia. The unwavering support of the faculty, the diverse student community, and the college's focus on holistic development laid the groundwork for the professional paths I walk today. Whether I'm in a boardroom pitching ideas or in a classroom mentoring future leaders, I can trace the roots of my confidence and clarity back to Modern. I'm proud to be a part of its legacy and grateful for the foundation it provided me.

"My journey at Modern College was more than just a stepping stone—it was a turning point that quietly prepared me for the challenges and responsibilities I now embrace as a Migration Case Officer and Advocate. The nurturing environment, dedicated faculty, and diverse learning opportunities sparked a deep sense of purpose in me. What I gained here went far beyond textbooks; I discovered resilience, integrity, and the confidence to stand for others. Those formative years truly turned out to be a blessing—laying the foundation for both my personal growth and professional path with clarity and conviction."

Dear Modern College, thank you for being the most beautiful chapter of my life. You were not just walls and classrooms—you were my shelter, my dreamland, my silent witness. You saw me fall, you helped me rise. Within you, I found friendships that felt like home and mentors who lit my darkest paths. Every tear I cried, every smile I shared, every heartbeat of mine still echoes in your memories. Parting from you feels like leaving a piece of my soul behind. Thank you for holding me, shaping me, and loving me without words. You will live in me forever.

Being part of Modern Boarding Higher Secondary School is a source of deep pride for me. It wasn't merely a school, but a transformative launchpad. Through participating and organizing school-wide events, mentoring and training, effectively leading various project , and skillfully managing real-world initiatives, I gained significant confidence and an invaluable understanding of teamwork. This environment, steeped in encouragement and excellence, cultivated my abilities to lead, collaborate, and adapt. These core competencies are now driving forces in my academic pursuits and continue to guide my professional career, fundamentally shaping my identity and future aspirations.
