Introduction

Uniglobe Premier School/College, New Baneshwor, Kathmandu, Nepal, is an educational institution owned by Uniglobe College Pvt. Ltd., Accredited by University Grants Commission (UGC), Nepal (2025), committed to nurturing young minds through academic excellence, innovation, and holistic development. The school focuses on quality education, discipline, and forward-thinking leadership following the legacy of Uniglobe College (Pokhara University Affiliate).

We believe that education must go beyond textbooks. Our dedicated academic team of well-experienced educators and mentors is dedicated to creating an inspiring learning environment where curiosity, creativity, and critical thinking flourish. The school blends traditional values of education with modern and innovative teaching pedagogy, ensuring that students develop both strong academic foundations and the skills needed for the future.

What makes our school different is our student-centred approach and our commitment to continuous innovation in teaching and learning. Our classrooms are equipped with modern technology, enabling interactive learning experiences that prepare students for an increasingly digital world.

We focus on the holistic development of every child, nurturing intellectual growth along with emotional, social, and ethical values. Through academics, co-curricular activities, leadership opportunities, and character-building programs, we aim to develop confident, responsible, and globally aware individuals.

Philosophy

Our philosophy is grounded in whole child development, where learning goes beyond textbooks and academics. We believe in enhancing creativity, collaboration, empathy, morality, emotional well-being, social responsibility and environmental awareness among our young learners. We focus on creating education that harmonises with nature and culture, guiding children to the path of being thoughtful, compassionate, and responsible global citizens who contribute positively to society.

At Uniglobe Premier School/College, Kathmandu, Nepal, we believe that meaningful education requires more than a conventional classroom approach to create a learning environment where every child is known, guided, and inspired to reach their full potential. As a sister institution of Uniglobe College, the school builds on a strong academic legacy while introducing modern practices for the 21st century.

Vision

Our vision is to nurture holistic, responsible, and lifelong learners for a better, more sustainable world.

Mission

Our mission is to deliver holistic, authentic and meaningful education that nurtures responsible, innovative and dynamic learners, geared to contribute to a sustainable and evolving world.

Core Academic Team

The Core Academic Team of Uniglobe Premier School/College, New Baneshwor, Kathmandu, blends young, energetic educators with highly experienced academic leaders from Nepal's education sector. With expertise in teaching, curriculum design, and academic management, the team promotes student-centred learning, technology-integrated teaching, and holistic development. Their leadership ensures strong academic planning, continuous support, and a focus on critical thinking, values, and career readiness, preparing students for including with board results and future success.

Message from the Chairman

Dear perspective students and guardians,

Greetings from Uniglobe Premier School/College, New Baneshwor, Kathmandu!

Welcome to Uniglobe Premier School/College, a new milestone in the journey of the Uniglobe academic family, offering holistic education from Play Group to Grade 12 in Kathmandu, Nepal. Building upon the strong foundation of Uniglobe College, established in 2009 and affiliated with Pokhara University, we extend our commitment to academic excellence, innovation, and character development into school-level education.

Uniglobe College has rapidly emerged as one of Nepal's leading academic institutions, accredited by the University Grants Commission (UGC) Nepal in 2025. It is recognized for its experienced faculty, research-driven teaching approach, global exposure, and strong academic results. Through annual international conferences, research publications, innovation labs, incubation centers, and a strong alumni network, the college consistently demonstrates excellence. Its students have earned numerous gold medals under Pokhara University, along with international awards, research grants, and outstanding placements.

Uniglobe Premier School/College aims to nurture holistic, responsible, and lifelong learners prepared for a sustainable world. It emphasizes meaningful and authentic education that fosters innovation, ethics, curiosity, creativity, and inclusivity. The institution promotes leadership, collaboration, and global awareness through experiential learning and community engagement, while encouraging independent thinking and practical skills beyond the classroom.

The centrally located Ten Plus Two (10+2) program in New Baneshwor, Kathmandu focuses on Science and Management streams, integrating the NEB curriculum with modern, practical-based pedagogy. Science students benefit from strong academic foundations and well-equipped labs, while Management students gain practical business skills through interactive learning methods. Both programs prioritize career guidance, extracurricular activities, and overall personality development.

Uniglobe Premier School/College stands as a dynamic extension of the Uniglobe legacy, shaping confident, capable, and globally aware individuals ready for future success.

Dr. Nar Bahadur Bista

Chairman

Uniglobe Premier School/College

Excellent History

Uniglobe Premier School/College is established under the ownership of Uniglobe College. Uniglobe College is the leading college for undergraduate and Graduate Programs. It has been providing a quality education through innovative pedagogy. This legacy will be carried out at UPS. Here is the proof of the commitment of quality education provided by the college.

Message from the Principal

Dear Students, Parents, and Well-Wishers,

It is with immense pleasure that we would like to welcome you all to Uniglobe Premier School, the junior wing of Uniglobe College. We focus on academic excellence through innovation, discipline, and holistic development.

We are committed to moulding young minds from Play Group to Grade 12 with student-centered, participatory and constructive approach of pedagogy. In our continuous journey of academic distinction, our Grade 11-12 program builds a strong foundation for students opening a door to higher education, smart leadership, and global opportunities.

We believe that education is not only about academic achievement, but also about shaping enthusiastic, confident, and compassionate individuals making them thrive in the advancing world. We assure you that we provide a lively learning environment through qualified and cooperative faculty members, modern pedagogies, advanced infrastructure, and a culture that promotes constructive thinking, creativity, and character building.

Grade 11-12 level at Uniglobe Premier School is designed to empower students with:

- * Academic excellence through rigorous and practical learning
- * Career-focused guidance and mentorship
- * Leadership development and extracurricular engagement
- * Technological integration and global exposure
- * Strong moral values and social responsibility

As a Principal, I strongly believe that every student possesses unique potential, and our mission is to encourage them to discover, develop, and excel in their own chosen paths.

I would like to warmly invite all the students and parents to walk together as a member of the Uniglobe family, where learning is transformative, aspirations are nurtured, and futures are founded with purpose.

Let us walk on a journey toward excellence, innovation, and success.

Best Wishes,

Mr. Sunil Gahire

Principal/Executive Director
Uniglobe Premier School/College

Career-Oriented Classes

Uniglobe Premier School/College is dedicated to quality education and looks beyond Class XII. Many students aspire to pursue MBBS and engineering, both within the country and abroad. They are also eager to explore international study opportunities. To support their career goals, students require additional guidance and specialised course offerings for effective career building.

Pre-Medical, Pre-Engineering & Pre-Chartered Accountancy (CA)

Pre-Medical, Pre-Engineering and Pre-Chartered Accountancy (CA) classes at Uniglobe Premier School/College begin from Grade XI, designed to support both NEB studies and entrance preparation simultaneously. This integrated approach strengthens students' conceptual understanding while covering exam-focused content required for competitive medical and engineering entrance exams and CA qualification test. Starting early helps students build a strong foundation, practice problem-solving skills, and manage time effectively without extra academic pressure. As a result, students remain well-prepared for NEB examinations while gaining a clear advantage in MBBS, Engineering and CA entrance preparation.

English Course

English Proficiency is one of the major criteria for selection into Top tier universities around the world. Aiming to make the language proficiency competitive, courses like TOEFL and IELTS will definitely improve for getting a scholarship in high-ranked universities abroad. Uniglobe Premier School/College will conduct such courses in regular schedule.

IT-Related Courses

Uniglobe Premier School/College will also introduce non-credit courses such as Artificial Intelligence, Data Science, and Cybersecurity for students of Grades XI and XII to equip them with essential skills for the digital era. These future-focused subjects help students understand how intelligent systems work, how data is analysed for decision-making, and how to stay safe in an increasingly connected world. Early exposure to these emerging fields allows students to explore career interests before university while strengthening logical thinking, analytical ability, and problem-solving skills. As technology now influences every discipline from science and engineering to business and healthcare basic knowledge of AI, data science, and cybersecurity makes students more adaptable, responsible technology users and better prepared for higher education and future careers.

ECA/CCA

Uniglobe Premier School/College places strong emphasis on both Co-Curricular Activities (CCA) and Extra-Curricular Activities (ECA) as essential components of holistic student development. CCA activities such as debates, presentations, quiz, project work, academic clubs enhance classroom learning by improving communication skills, critical thinking, creativity, and subject understanding. ECA activities, including sports, music, dance, drama, art, leadership programs, and community service, help students discover their talents, build confidence, develop teamwork, and maintain physical and mental well-being. Together, ECA and CCA create a balanced learning environment where students grow not only academically but also socially and emotionally, preparing them to become confident, disciplined, and well-rounded individuals ready for higher education and future challenges. UPS will conduct ECA and CCA through different student clubs.

Uniglobe Premier School/College will provide training sessions with professional coaches in cricket, football and basketball.

Clubs:

- Sports club
- Music and dance club
- Computer and robotics club
- Social club
- Speech and debate club
- Science club

UNIGLOBE DAY 2026

Uniglobe SEE Futsal League-2083

Uniglobe Premier School/College organised SEE Futsal League - 2083 in its own futsal. Here are some glimpses of the league:

Research and Presentation

Presentation skills are highly important for students as they help build confidence, improve communication, and develop the ability to express ideas clearly and effectively. Through presentations, students learn how to organise their thoughts, analyse information, and deliver content in a structured and engaging manner. These skills enhance classroom learning, encourage active participation, and strengthen critical thinking. Presentation practice also prepares students for higher education, entrance interviews, group discussions, and future professional environments where public speaking and idea sharing are essential. Moreover, regular presentations help students overcome stage fright, improve their body language, and develop leadership skills, making them more confident, articulate, and prepared for academic and career success. UPS conducts research and presentation as regular class.
