COLLABORATION

Partnering with pioneers across industries and technologies to shape a smarter, more connected future.

Tech Learning Partner

Code Himalaya is a leading IT solutions provider, offering cutting-edge services in web and mobile app development, artificial intelligence, software integrations, and IT consulting.

COLLEGE LIFE

College life here is more than just lectures and textbooks — it's a journey of self-discovery, creativity, and connection. From lively club events to hands-on learning experiences, every day brings a new opportunity to grow, explore, and thrive.

Modern Classroom

Our classrooms are equipped with state-of-the-art technology, including smart boards, high-speed internet, and ergonomic furniture, ensuring an engaging and comfortable learning experience.

Efficient Tech Labs

PCPS supports technology, education and innovation with fully equipped computer labs designed for hands-on learning and real-world projects.

Library

Our library houses an extensive collection of books, research materials, and digital resources. It is a quiet sanctuary for focused study and collaborative projects, complemented by online learning tools.

Recreational Hub

The PCPS recreational room is a lively spot for students to relax, recharge, and connect whether it's a game of table tennis or a quick break between classes

Green Spaces

PCPS is proud to feature eco-friendly green spaces, including gardens and outdoor study areas, promoting sustainability and environmental awareness.

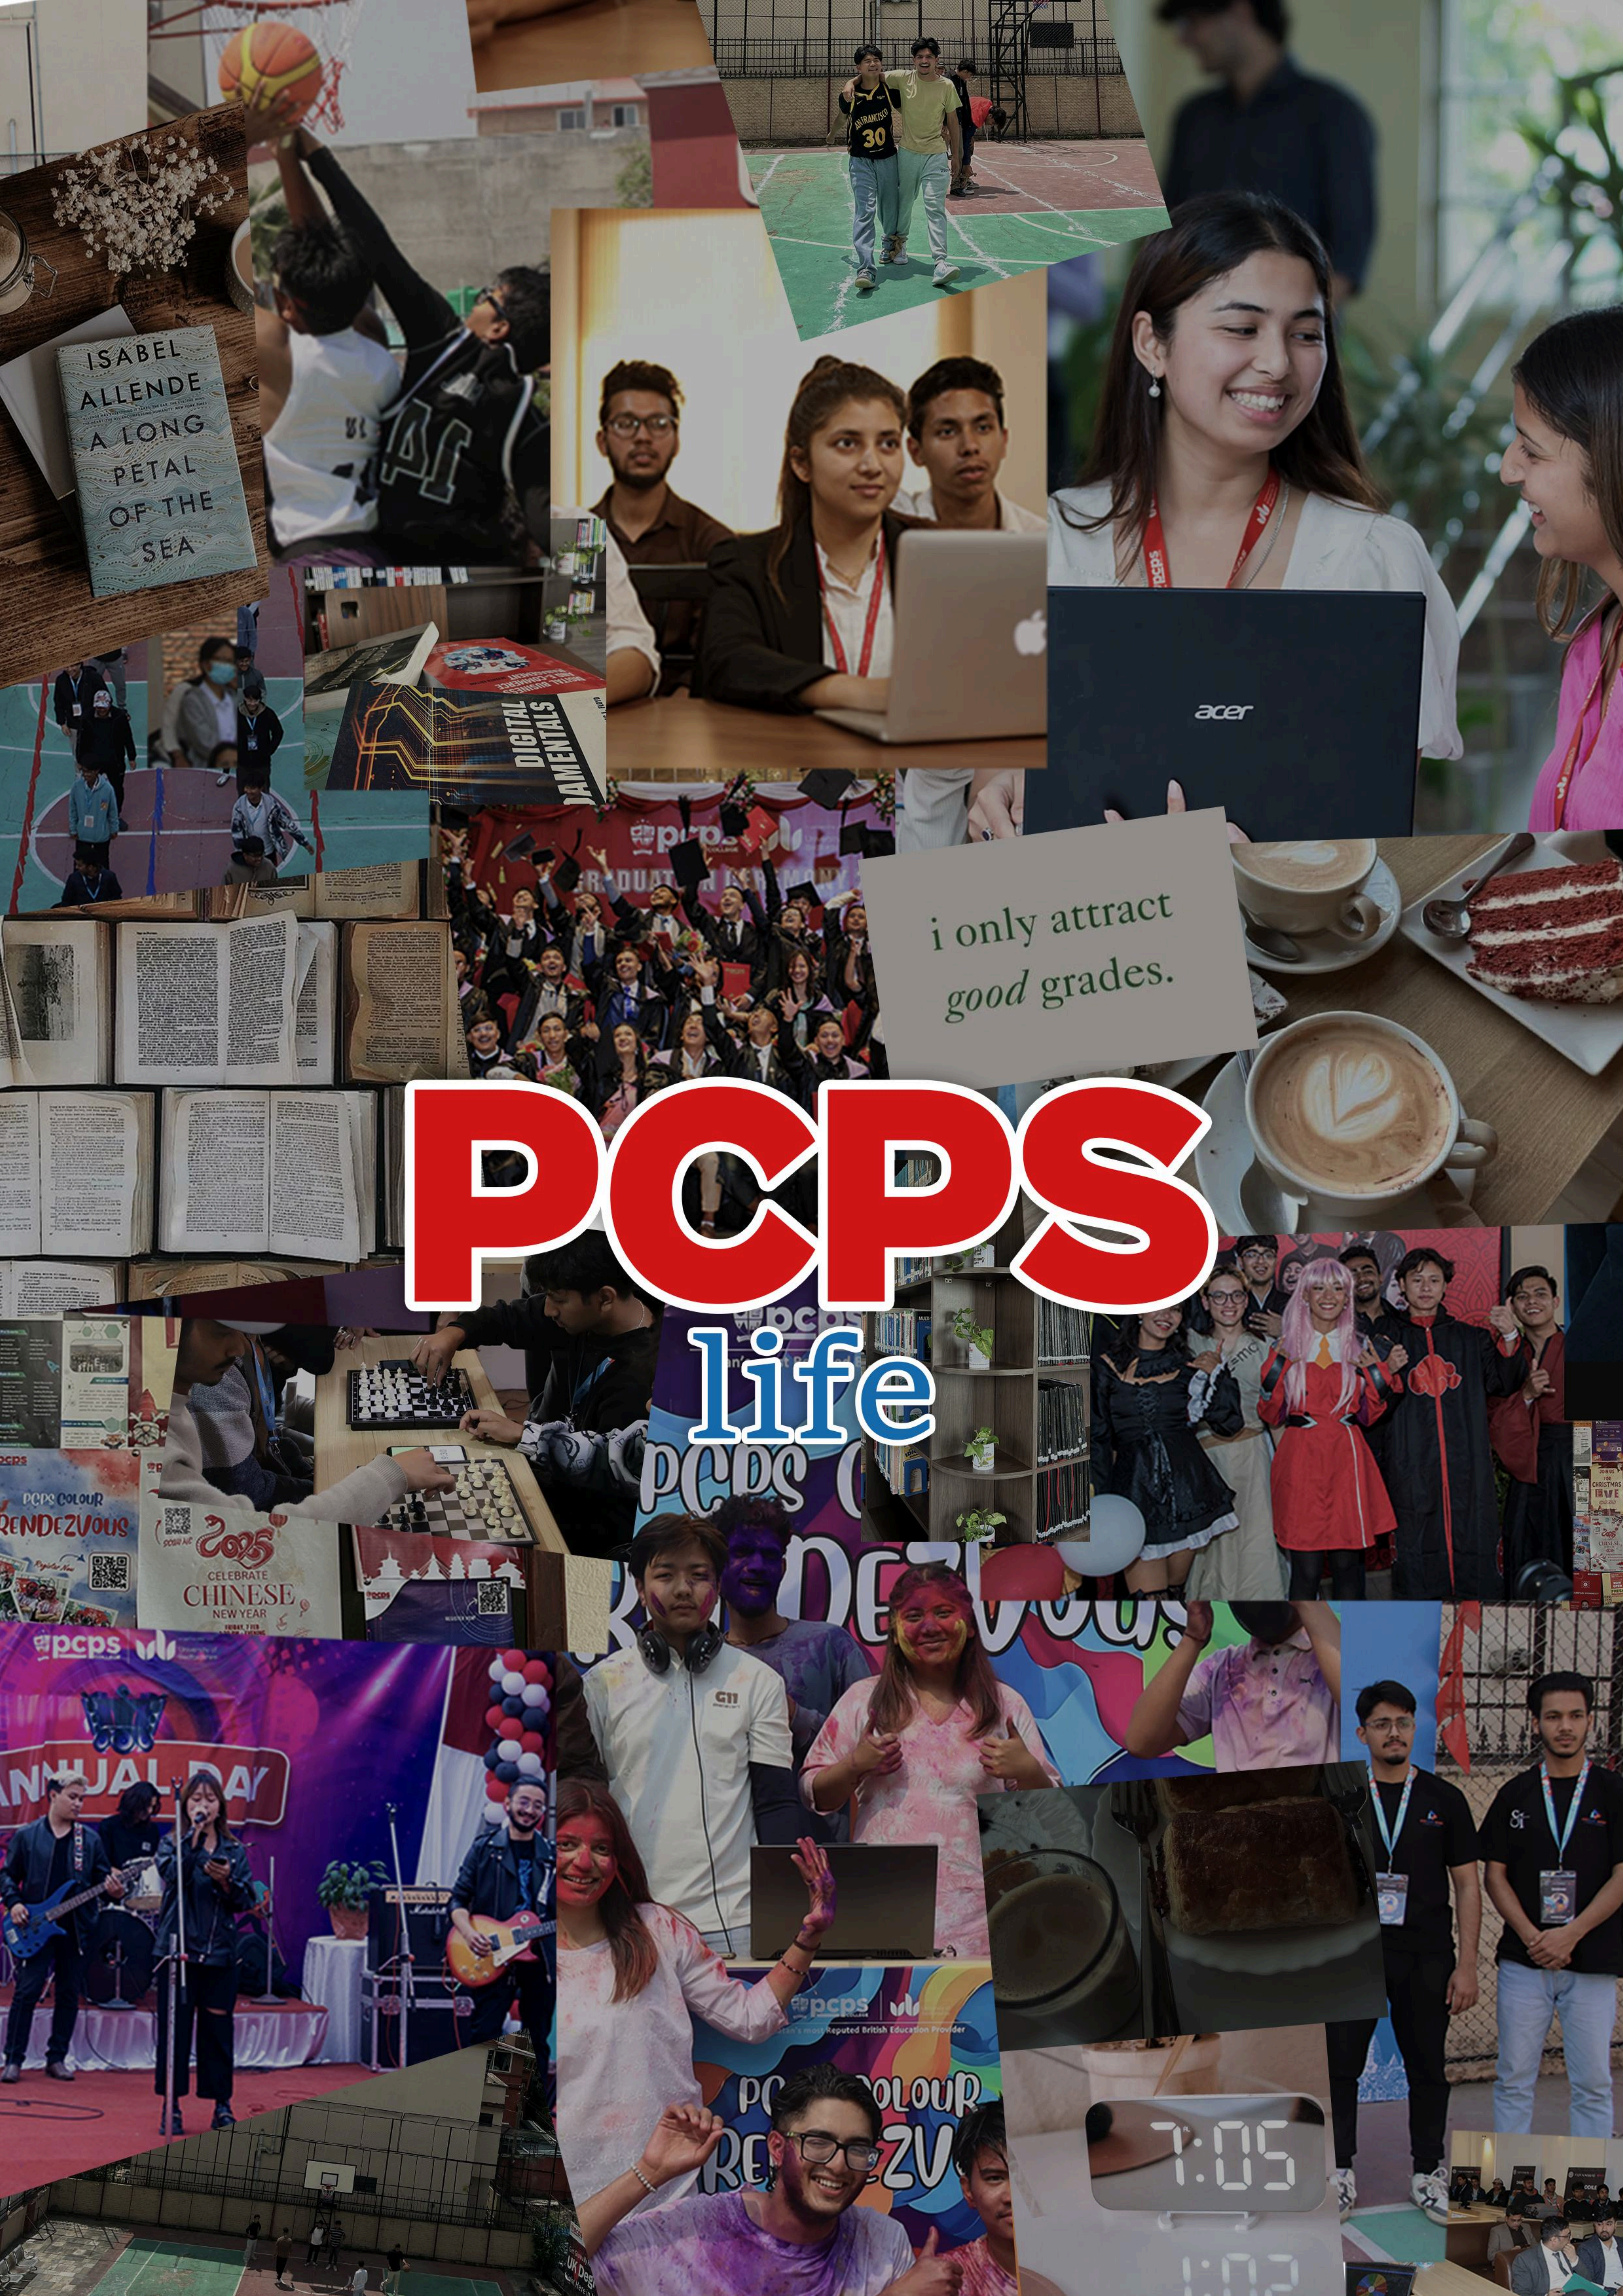

Student Common Areas

From study lounges to cafeteria spaces, we offer vibrant common areas where students can relax, collaborate, and socialize.

iCafe

iCafe provides a cozy corner for grabbing coffee, catching up on assignments, or just relaxing between lectures. It's the perfect blend of chill and productivity.

SUCCESS STORIES

PCPS was the Launchpad for My Career

PCPS College played a key role in shaping my journey into tech. The hands-on learning and supportive environment helped me build a strong foundation in computing. Today, as a Data Engineer at CloudFactory, I apply those skills every day to solve real-world data challenges."

Sushant Shrestha

Data Engineer, Cloud Factory

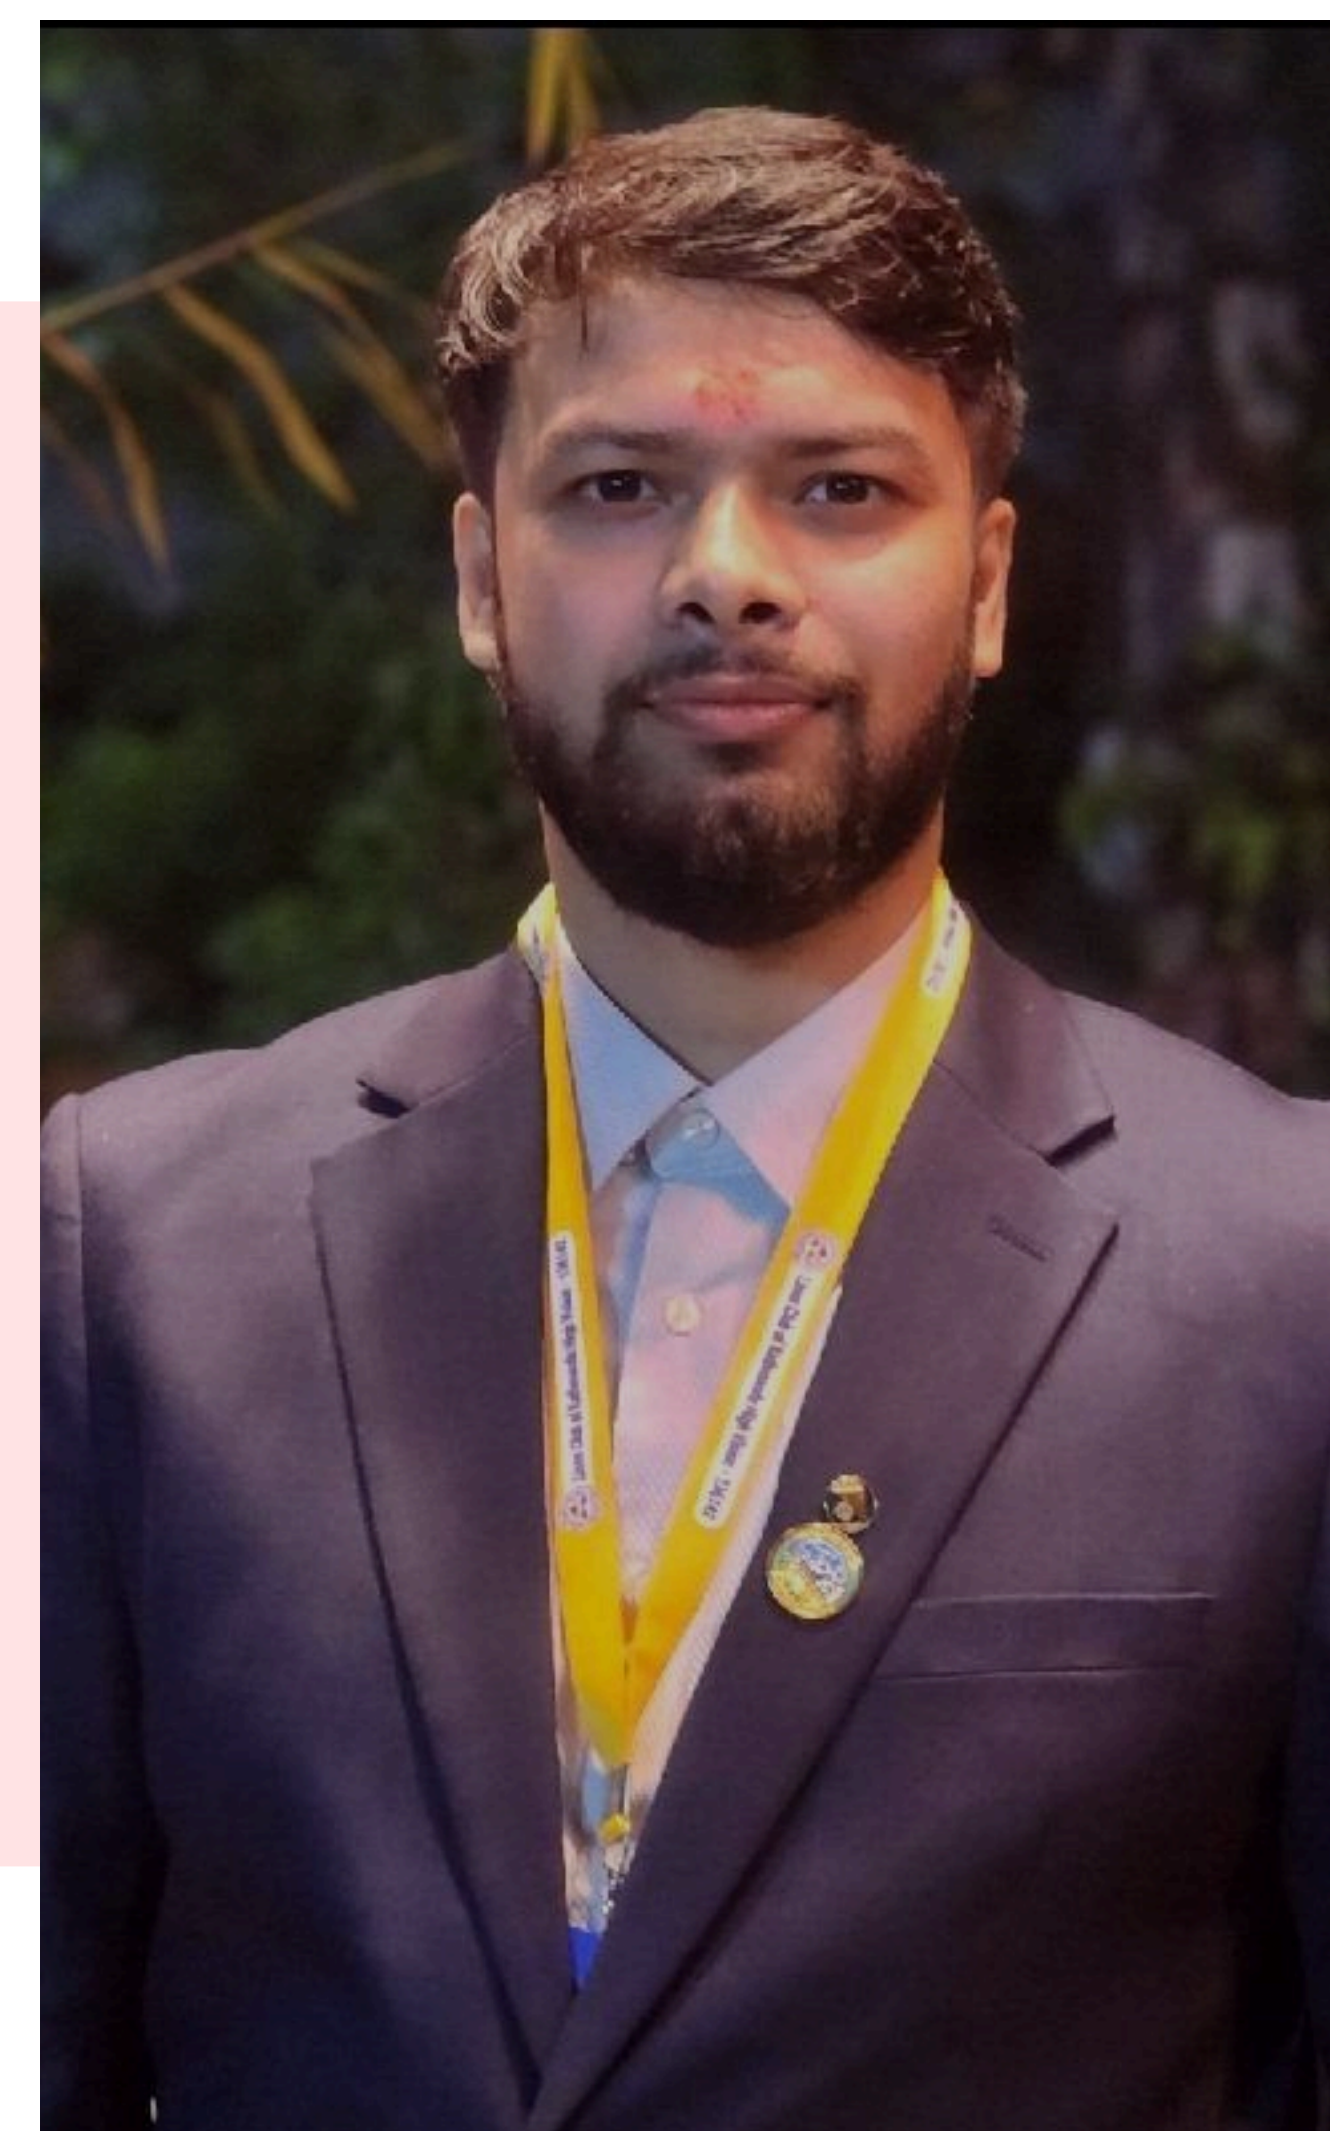

From Classroom Concepts to Quality Code

PCPS College provided the perfect blend of theory and practical exposure that helped me discover my path in quality assurance. The supportive faculty and project-based learning shaped my analytical mindset. Now, as a QA Engineer at FoneInsure, I ensure digital products meet the highest standards before reaching users.

Simanta Tiwari

QA Engineer, Foneinsure

PCPS Helped Me Turn Knowledge Into Strategy

My time at PCPS College was instrumental in developing both my technical skills and client-oriented mindset. The diverse learning environment and real-world projects helped me grow into a confident problem-solver. Today, as an IT Consultant, I apply those experiences to deliver tailored tech solutions to businesses.
