**KIST**

**KIST College of  
Management**

## New Frontiers

KIST is a modern institution ready to meet the challenges of 21<sup>st</sup> century education. Its professional team of educators is committed to excellence in teaching-learning and academic performance. We have set new standards so that our students can change themselves and shape their future better. This is what we strive to do and what we want to be.

### Introduction

Established in 1995, KIST – Kathmandu Institute of Science and Technology – has a 26-year-long history. KIST runs Bachelor's programmes (BBA, BIM, BBS, BSc Microbiology & BIT) and Master's programmes (MBS & MSc Microbiology) along with +2 in Science & Management.

An educational pioneer in Nepal, the College has been providing qualitative education. Our qualified and experienced faculty members are dedicated to the delivery of high-quality education. We have an academically competitive environment that brings out the best among students.

KIST offers many vital professional activities alongside wide-ranging co-curricular and extracurricular activities. The College has different clubs that support the interests & goals of its students. We also encourage KISTians to serve society through useful actions.

The College has its own buildings with sufficient amenities boosting academic effectiveness. These buildings are well engineered and safe. Our campus is spacious enough for sports and other purposes. We are most centrally located in a serene, green, and open spot next to the energizing waterscape of Kamalpokhari pond.

# BBA

**Bachelor of Business Administration (BBA)** provides a fundamental education in business and management principles allowing students to specialize in one of multiple concentration areas, including business economics, administration, finance, human resources, or accounting. The programme enables graduates to explore various real-life opportunities that help them later in managing companies. It also develops sound professionals with entrepreneurship skills who can run business ventures in a contemporary or international context. So, it is a preparation for a lot more than a career in business and has national importance.

## DISCOVER OPPORTUNITIES IN THE EVER-CHANGING CAREER ENVIRONMENT TO HARNESS THE POWER OF KNOWLEDGE

### Key Learning Outcomes

- Assimilate conceptual knowledge of business, management, and administration to develop managerial capabilities and problem-solving skills
- Gain executive competence and leadership skills to ensure smooth business functioning in varied organizational settings
- Foster the ability of critical thinking to perform better across various areas of specialization in the management field
- Understand multicultural business environments, protocols, ethics, and management practices required within the global context to function effectively
- Synthesize information from functional areas and apply business theory to handle practical decision-making situations and generate outcomes

Dear All

BBA prepares graduates as responsible leaders in today's global market. They get to know to balance economic success and social & environmental constraints. They also find out how to integrate ever-changing human & information resources with fleeting yet powerful technological advances.

Our teaching-learning bridges the gap between formal academics and pragmatic demands. An important offshoot is the nurturing of an entrepreneurial spirit essential for success in business & management. This is vital for career goals or personal ambitions.

The right centre for you, the College offers the best of opportunities to bring out the best in each student. You will, therefore, like so many before have, flourish here and find happiness.

Choose KIST to do well in your life!

**Rajesh Karki**  
Coordinator **BBA**

## Career Prospects

BBA best suits graduates who wish to pursue careers in various management and administrative roles in different fields anywhere in the world. Employers are always in need of business graduates for a broad range of vital placements like Operations Managers, Sales Managers, Account Officers, and HR Managers.

Apart from a fundamental education in business and management principles, students can specialize in any concentration area such as business, finance, computer information systems, or accounting. Further, practical management training prepares students to work successfully within organizations.

Students pursue business education and learn skills helping them to assume diverse management and administrative roles. Employers invariably seek qualified and smart business administration graduates for managing their businesses.

## Careers by Area

- **Banking, Finance & Insurance** – Entry-level positions in banks, finance, and insurance companies
- **Corporations & Factories** – Marketing, finance, operations & human resources managers
- **Entrepreneurship** – Self-entrepreneurship with the acquired enthusiasm and learning
- **Government, NGOs & INGOs** – Administrative positions in various capacities in different organizations
- **Stock Market** – Brokers, investors, or portfolio managers
- **Sales & Marketing** – Advertisement or sales managers & management trainees
- **Hospitality & Tourism** – Staff or managers in airlines, hotel, or travel agencies
- **Human Resources** – Jobs related to hiring, placements, and performance evaluation & appraisals

Bachelor's at KIST truly enhances our business acumen for entrepreneurship. Known for its high career-placement rate, the College provides excellent services to its students. Enormously satisfied by becoming a KISTian, I'm really thankful to this glorious institution!

**Samrat Karki**  
BBA 5<sup>th</sup> Semester

What makes KIST popular is excellence in education. A fine environment, positive discipline, supportive teachers, and proper management are KIST's undeniable assets influencing students to join here for building their future. *The best place for higher studies!*

*Tribhuvan University Affiliated*

# BIM

**Bachelor of Information Management (BIM)** blends the two strategic disciplines of information technology and management. The programme offers integrated knowledge and develops technological skills giving students a unique edge in the IT world. It develops the next generation who can apply the opportunities in the digital world to a fast changing business environment and find innovative solutions thereby contributing to society. Graduates are able to interrelate IT & management concepts or tools with managerial skills appropriately to support business analysis and operations.

## BROADER EDUCATION WITH SPECIAL FOCUS ON THE SYNERGY BETWEEN BUSINESS MANAGEMENT AND INFORMATION SYSTEMS

### Key Learning Outcomes

- Attain deep understanding, knowledge & skills about information systems, information technology, and management to apply them pragmatically
- Use computers & computational techniques for developing effective information systems to solve real life problems in the organizational milieu
- Develop object-oriented software design methods, data management systems, web technology & programming to meet industrial & commercial needs
- Acquire systems analysis tools & methodologies and organizational & managerial skills to deploy IT effectively for business success
- Cultivate critical thinking and a balanced approach to IT & Management so as to enter the IT business profession with the knowledge expected

Dear Students

BIM, a four-year course on technology & business at KIST, aims at maximizing human capital. It explains design development, demonstrates the application of ideas, models & tools, and examines emerging technologies.

Along with interaction with industrial leaders and business entrepreneurs, highly skilled professionals teach and support you. You acquire the needed knowledge, and ample confidence, for handling today's dynamically-changing digital-world.

Since jobs integrating IT & business are ever-growing, we focus on producing skilled graduates who satisfy market demand and find top employment nationally or internationally. KISTians are known for utilizing immense professional opportunities found in IT & business fields. Best wishes!

**Surya Bahadur Basnet**  
Coordinator BIM

## Career Prospects

Today's business world heavily relies upon computers and networking for its continued operation. Consequently, most of the organizations are completely computerized and plenty of other organizations are also in the process of transforming from age-old manual systems to digitalized systems.

Management information systems assist students to learn how to use computer technology, management and problem-solving strategies to make, or improve, managerial decisions. BIM majors get to understand the needs of both business people using their own systems and computer science professionals who create such customized systems.

As a result, graduates readily find prestigious jobs for handling numerous tasks required to create and sustain complex financial computer systems globally. In the context of Nepal, the role of such professionals is rapidly gaining ground.

## Careers by Area

- **Database Designing** – Database designers for implementing database solutions for assorted organizations
- **Software Engineering** – Database administrator, Software Project Managers in software companies
- **Knowledge Engineering** – Information Systems Experts for Big Data repositories and information systems
- **Networking** – Network experts for managing secure networked communication
- **Software Applications** – Apply computing technology to solve problems outside the everyday computer field, for example, in education or medicine
- **Information Technology** – Develop and manage information systems that support a business or organization.
- **Information Management** – Information Systems Experts designing and implementing information systems to assist decision-making
- **Artificial Intelligence** – Develop computers that simulate human learning and reasoning abilities

It's the collegiate journey that really matters! Encapsulating the essence of modern international-level education, KIST hones the qualities of its students. I'm beholden to its influential teachers, great resources, and student-centredness for helping me make my future!

**Pranisha Baniya**  
BIM 5<sup>th</sup> Semester

The environment at KIST has been meticulously developed to facilitate the learning process and to foster creativity. Admirable are its efforts to foster skills' acquisition and personality development. With its arsenal of knowledge, we're prepared as professionals.

**Pradip Pandey**  
BIM 3<sup>rd</sup> Semester

# BBS

**Bachelor of Business Studies (BBS)** incorporates management concepts & reality-based skills integrating them with the latest changes in the business environment. The programme concentrates on specialized areas such as accounting, finance, human resource management, or marketing. It also builds a foundation in allied areas such as language, economics, statistics, and law that help students to understand management practices & market needs. Because of the entrepreneurial skills & functional expertise nurtured, graduates eventually become effective agents of change in society.

## Key Learning Outcomes

- Get conceptual knowledge and nurture adaptive business and generic skills to meet the needs of a fast-changing globalized market
- Acquire essential knowledge and skills or attitudes in relation to business, industry, and governance so as to promote professionalism
- Gain insight and understanding of business & administration to develop a general perspective for holistic management
- Develop required attitudes, abilities and practical skills vital for becoming competent, responsible business managers
- Encourage entrepreneurial capabilities in order to produce effective agents of change in Nepalese society and generate employment

## Career Prospects

The BBS develops students into competent managers for any sector of organized activity. The programme is based on the principles that graduates will spend a major portion of their life in a constantly changing environment. Therefore the student should have an opportunity to obtain a broad knowledge of the concepts and reality-based skills underlying the operation and management of organizations.

A popular degree, the BBS is considered as a course with good job prospects. The degree strengthens students' fundamentals for higher studies and provides the knowledge to work in the commerce field and also in areas related to corporate affairs such as PR, HR, or marketing.

Importantly, the degree offers opportunities for specialization and encourages entrepreneurial development. There are chances for diverse careers.

# High-Quality Education

## *Pursuing Academic Excellence*

### **Dedicated Faculty**

KIST's committed and experienced faculty delivers excellent teaching-learning. Tutors supervise academic performance, interact with students, and give needed guidance. Our faculty is hand-picked from professionals, with experience in the industry and expertise in their fields, who have engaged in innovative, high impact basic and applied research across the broad discipline of management through knowledge exchange. KIST supports ongoing professional development and training of its faculty members.

### **Vibrant Teaching-Learning**

The teaching-learning approach of the college is reflected in on-campus studies, with students making the most of their academic experience. Fully supporting students' aspirations, the College is a center for learning where they can prosper in a supportive, encouraging and motivational environment. We focus on preparing students for both employment and further studies or research, placing emphasis on knowledge that has application in a multitude of professions.

### **Standard Assessment**

Our academic evaluation process is based the learning outcome assessment of each student. We hold that such assessment and academic performance are interrelated and best proven through examination results. Exams are used for assessing the students in an internationally competitive arena whereby a full insight into each student's attained knowledge and capabilities is gained.

### **Effective Tutorials**

KIST's well-designed tutorial system truly improves the academic performance of students. This is a unique scholastic opportunity at the College to get individual attention and indispensable support to learn better. The purposes of tutorials are to develop a deep understanding of the topics introduced in lectures and to apply the knowledge acquired to solve problems. The College organizes pre-exam preparation camps to improve students' results.

### **Laboratory Work**

The College offers exceptional IT facilities to its students for nurturing innovative skills in teaching, learning and research. We provide enough practicals to meet syllabi standards and students' hands-on learning needs. All this greatly helps them to become familiar with technology, and management in real or applied situations. Our instructors and technical staff provide close support and instill useful practical learning.

### **Project Work & Research**

KIST provides students with ample opportunities to integrate their coursework knowledge with professional applications by project work & research. These are important learning activities for those who intend to pursue higher degrees or gain workplace skills. They can benefit from assistance & supervision in carrying out tasks associated with project & research work since such work departs somewhat from the usual pattern of graduate teaching.

# Get Knowledge & Skills

## Utilizing Study Opportunities

### An Extra Edge

Vital non-credit inputs supplement the regular courses as they meet the diverse learning needs of students and improve their employability. Moreover, these additional inputs build technical competencies, problem solving abilities, and managerial skills.

### Advancement Courses

Non-syllabus courses cover latest and important computer, IT and other technological developments. Students can thereby adjust to rapid changes in these fields and update their knowledge.

### Add-on Certifications

Internationally recognized certifications are offered from renowned institutions through related-training and preparatory examinations. They bridge the gap between the allocated curriculum and an ever-evolving industry.

### Professional Development

We develop students professionally through training sessions, workshops, and internships. These deal with practical experience, time management, self-management, corporate dressing, interpersonal skills, and social etiquette.

### Corporate Interaction

Eminent professionals give lectures and presentations on diverse, useful topics. To further interaction, students of all branches go on industrial trips at least once a year.

### Field Visits & Internships

The College emphasizes a specified number of field visits for professional experience and implements the stipulation pertaining to internships for a particular degree.

### Industrial Tie-ups

KIST believes in tie-ups with industries and IT-related business houses or even international companies for collaborative & applied research, knowledge exchange, and skills transfer to our faculty, staff, and, importantly, students.

### Placement Support

The Placement Cell supports graduates in finding the right kind of job environment here or abroad. This Office also helps them prepare documents & CVs and face interviews.

### Entrepreneurship Cells

The Entrepreneurship Cell at KIST aims at manifesting the latent entrepreneurial spirit of young students. The Cell hosts various workshops, speaker sessions, innovative games and competitions for aspiring entrepreneurs and supports them.

### Research & Development Unit

The KIST R & D Unit organizes valuable research and development activities for its students through training and special or pilot projects. This prepares them for higher studies as well as research and career pathways. The Unit gives KIST's Bachelor's & Master's courses a distinct professional edge.

# Infrastructure & Campus

## *Stimulating Academic Environment*

### **College Buildings**

KIST has purposeful spacious academic buildings with abundant amenities. The construction is structurally sound and made with a view to run this educational institution effectively. There is enough space for wide-ranging activities and large classrooms for flexible learning environments. The College also has a big library, seminar halls, faculty and administrative offices for plentiful study opportunities or requirements.

### **The Premises**

The College grounds are fairly large and contain sports facilities like basketball, badminton, and table tennis. They are used for multifarious college events or other important outdoor purposes. Our premises are wide, open, clean and fresh with adequate greenery.

### **Ideal Location**

KIST is ideally located in a serene and lush spot near the refreshing Kamalpokhari pond in central Kathmandu making

it easily accessible. We offer an ideally located, model campus with modern classrooms and quiet study areas to all our current or prospective students.

### **Safe Atmosphere**

The setting of KIST is safe and peaceful in every way. The physical infrastructure has been assembled strictly according to governmental guidelines keeping in view, among other technicalities, seismic hazards. All our constructions housing numerous facilities are well maintained and regularly inspected by engineers for functionality and wellbeing. As a result, our environment is most conducive to all activities concerning the academic accomplishment and overall development of students.

### **Laboratories**

The College has state-of-the-art computer & IT laboratories fully equipped according to the norms & standards of the Universities to which its courses bear affiliation. It has basic computer labs along with a digital logic lab and network lab.

# Cutting-Edge Facilities

## *Benefitting from Resources*

### **Library**

KIST has a spacious library of about 13,000 books including textbooks, reference, research & project reports, and audio-visual materials. Access to international online library networks and latest top journals, magazines, and newspapers is available. The library timing is 6:30am–6:30pm, Sunday to Friday.

### **ICT**

KIST has a networked environment with a centrally located ICT – Information Communication Technology – Centre with uninterrupted internet connectivity and WIFI. The College also has state-of-the-art computer labs to encourage e-learning and enhance computer skills so necessary in the contemporary knowledge socio-economy.

### **Canteen**

The College has a canteen for students and employees in its premises. At KIST, the food and beverage including

drinking water quality is checked cautiously — periodically or randomly and physically or scientifically. We ensure that all food items are fresh, clean, nutritious, chemical or pest-free, and as affordable as feasible.

### **Virtual Classes & Conferences**

KIST provides Virtual Classes for lectures, assignments, tutorials & note taking. These help learning better through digital inputs & outputs and greatly reinforce classroom teaching & self-study. Conference halls facilitate organizing lectures and conferences that are regular events on the campus. The halls are equipped with the latest educational technology for webinars and online workshops.

### **Project Labs**

KIST has cutting edge labs for project work & research. Students can put their theoretical knowledge to use and learn to work independently. Modern equipment allows students to apply theory to function and to do research.

# Be Involved

## Life at KIST

### Extracurricular Activities

We believe ECAs play a rather meaningful role in a student's education and life. KIST's extracurricular activities are indeed a vibrant side of its campus life making students fit in body, mind, and spirit to take on the challenges of the 21<sup>st</sup> century.

### Clubs

The College has many stimulating clubs for the students' diverse areas of interest. KIST clubs regale and refresh our hard working students and provide them a full college experience and a healthy psychological outlet.

### Social Service

KIST motivates its youngsters to serve society in as many ways as they possibly can. Many of our students volunteer for blood donation, public health awareness, sanitation programs, and natural calamity relief.

### Games & Sports

The College has many games and sports including basketball, badminton, and table tennis. We also hold many intra- and inter-college competitions or friendly matches to increase players' participation and to inspire them to perform better and better.

### Co-Curricular Activities

CCAs at KIST certainly enrich students' lives by developing their personalities and academic profiles through productive engagement. The College has varied co-curricular activities that galvanize our youngsters to do even better and stay ahead.

### Seminars & Workshops

The College organizes frequent seminars and workshops to inform students about entrepreneurship and applied management. These occasions are about specific subject areas and have an interactive environment for students to learn from experts and orientate themselves.

### Publications

KIST publishes magazines and newsletters managed by students. Their articles go a long way in making such productive output interesting and memorable apart from fostering students' creative & technical skills.

### Professional Competitions

The College organizes numerous competitions to promote applied science & management. These include different kinds of activities such as project competitions, training camps, and exhibitions. There is a special camp for mobile apps development.

### Alumni Engagement

The College extends opportunities for continued engagement to its esteemed alumni in Nepal and elsewhere. The alma mater believes in building up a web of mutually beneficial relationships and a free exchange of ideas or information. All this greatly profits our students and the institution itself.

# Get Scholarships

## Supporting Your Education

KIST Bachelor's Scholarships are awarded to exceptional students in order to recognize and promote academic excellence. There are many Scholarships for commendable students who satisfy expected norms.

### University Scholarships

The College provides scholarships to deserving students according to guidelines of the Tribhuvan University (TU).

### Based on +2 GPA/Marks & CMAT/Entrance Scores

KIST awards Scholarships to students who get high marks in +2/Equivalent-level Exams & CMAT/Entrance Exams. These Scholarships are allotted in order of mark-based merit per seat availability by given deadlines.

### Performance-Based Scholarships

Students who get the top positions in the Board Exams and Term Exams are rewarded with Scholarships. These Scholarships are allotted in order of mark-based merit per seat availability according to scholarships guidelines.

*Note: In case a student is eligible to get two, or more, scholarships, he or she shall be allotted only one scholarship whichever is of greater, or the greatest, value.*

## Join Us

### Admissions

Students interested in joining BBA, BIM & BBS at KIST would need to go through a fair but thorough admission process.

#### Eligibility

**BBA/BIM:** Applicants need minimum D+ grade in each subject of grade 11 & 12 with CGPA 1.8 or more or minimum second division in +2 or an equivalent exam.

Getting through the CMAT is mandatory for admission in BBA & BIM.

**BBS:** Applicants need minimum D+ grade in each subject of grade 11 & 12 or minimum second division in +2 or an equivalent exam.

#### CMAT Application Form

CMAT Application forms are available at all colleges including KIST which offer these programmes for BBA & BIM. Applicants should submit these forms duly filled in with supporting documents and photographs by the given deadline.

### KIST Admission Form

Successful students in the CMAT should fill in the KIST Admission Form. Students who have filled in the CMAT forms in any other college are also eligible to apply here.

### Personal Interview

These students need to appear for the Personal Interview thereafter. They ought to be accompanied by their parents or guardians for this interview.

### Offer Letter

Selected applicants are handed Offer Letters for admission. They need to submit their acceptance along with needed original certificates or testimonials within the stipulated period to get admitted.

### Enrolment

Once the College receives a letter of acceptance, it will confirm admission forthwith subject to the payment of fees.
